

# TOMORROW'S WAY TO LIVE, WORK AND PLAY

## Every inch of 1000 acres with ...

### SMART PLANNING

- Self-sufficient "City within a City"
- Flexible, people-oriented mix-use development
- Freshwater lake surrounded by a vibrant cultural district
- 6 km of continuous, lush, green corridor

### SMART INFRASTRUCTURE

- Smart surveillance, lighting and parking
- Integrated Command and Control Centre
- SCADA system for Utilities
- Automated Waste Collection

### SMART MOBILITY

- Walk-to-work design
- Hierarchical network of pedestrian routes, cycle tracks and roads
- Integrated multi-modal external connectivity via MRTS, Bus Port and Heliport
- Intelligent traffic management and monitoring
